### PROPOSAL

It has been proposed that the three (3) meeting requirement for membership in the RPA be lifted and membership be allowed upon the paying of one years' dues and with proper membership application.

This proposal was made with the idea that membership drives at stamp shows could be done. We have been invited on numerous occasions to host a club table at different events. At these events interested collectors would be able to sign up for membership and hopefully become an active club member.

Discussion will be heard at our December 14th meeting. A ballot will be in the January newsletter and the proposal will be voted on during the 2nd January meeting. Watch in the Hinges & Tongs for further details.

### VICE-PRESIDENTS' MESSAGE by Brad Sterling

The Federation of Central New York Philatelic Societies, is an organization of approximately 28 member clubs. One of the things that the Federation does for its membership is to help member clubs communicate with one another. This is done in two ways. One is that the club representatives attend Federation meetings carrying information back and forth on what the Federation and clubs are doing. The other is our Federations' monthly newsletter the Stamp Insider. The Insider carries information on the stamp hobby and what the Federation and member clubs are doing. The Stamp Insider has earned a Certificate of Award (1988) from the American Philatelic Association.

The Federation of Clubs does other things as well. We attempted to form an inter-club library, which did not come to pass due to lack of club support. The Federation paid for the copywrite on the Lou Gehrig issue so that any member club could make First Day Covers without legal problems. The Federation is looking into liability insurance (such as the RPA has) so that all member clubs can have quality insurance coverage at prices they can afford.

Just as individual clubs depend on their members for survival and its operation, so does the Federation depend on its member clubs for its survival and operation. As a member club you can not expect to get more out of the Federation than you are willing to give back. The Federation needs people to make it work.

Our Federation is sponsoring the EMPEX-90 show October 31 to September 3, 1990. We need your help to produce a successful show.

Yes we have a core of dedicated people who have much of the planning done already, however we need more involvement before and during the show. Volunteer your expertise by contacting either Rich Kase at 381-1654 or myself at PO Box 19312, Rochester, NY 14619. Or just come up to either one of us at a club meeting and ask us about volunteering your services.

Thank You,  
Brad

### LIBRARY DISPLAYS

Last year during the month of April the RPA was responsible for philatelic displays at two local libraries, the Rundel Library, 115 South Ave. and the Maplewood branch at 1111 Dewey Avenue. I received many good comments about the exhibits and a few people at ROPEX-89 mentioned having seen them. The exhibits are under glass and not in direct sun light. As a result I have reserved the cases again next year for the month of March during ROPEX-90. Anyone having one or two pages of philatelic related items and are interested in putting them on display should contact me at 588-5433 daytime or see me at a meeting. I will need to have the items no later than the last meeting in February. No identification of owner will show while on display. Joe Doles

### TRIP CANCELED

The bus trip that was scheduled for Nov.17-19 to WORLD STAMP EXPO'89 in Washington, DC was canceled due to not being able to guarantee a minimum of 35 people. We missed that amount by fewer than ten and we had at least twenty-five disappointed members.

Early response is the key to success for this kind of program and if we get another chance for such an event, please, promote it to other interested folks before its too late to sign on. This is what happened this time. Several interested people checked it out after the shut off date imposed on us by the Bus Company." We would have been able to go if we had only known in time", was the comment of some of the non RPA collectors!

All monies left in the ROPEX checking account, with the exception of \$500.00, must be kept in it to eliminate service charges put on it by the bank. At a Board of Governors meeting, it was decided that the amount left in the account after all bills were paid, should be indicated as income or under disbursements as seed money for the next ROPEX.

REPORT FROM FRAME FUND COMMITTEE

\$5,000.00 was voted by the membership, to be given to the Frame Fund Committee, to be used for any expenses that would have to be covered, in order to get a project financed, without having to get the membership's approval for additional funding. It would become a part of the total used to purchase new frames whenever that total was reached.

\$5,071.94 Income raised by Frame Fund Committee from 6/30/88 to 6/30/89

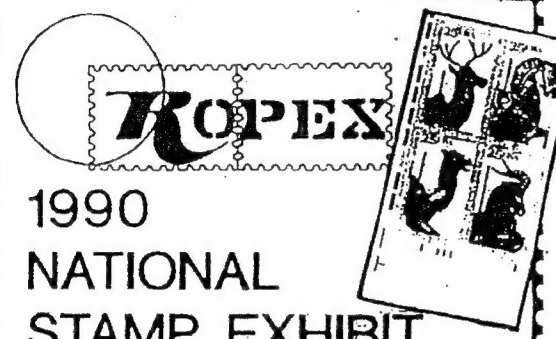

\$ 466.85 Income raised by Frame Fund Committee from March 1988 to June 30, 1988.

\$3,095.55 Actual additional monies to Frame Fund or \$8,095.55 that would be used to purchase new frames whenever final total needed was reached.

**ONE FRAME COMPETITION**

This is the time to start planning for the annual one frame competition that is held every year before the ROPEX Show. Remember the winner gets free frames at the ROPEX Show. More details will be in future issues of the Hinges and Tongs. I hope to see more RPA members get started in exhibiting.

**NEW PHILATELIC CLERK**

Club member Ray Stone has been made the new philatelic clerk at the GMF on Jefferson Road. Ray has given me the hours that he will be on duty, and they are:

9:30am to 5:30pm

Monday - Friday

On the 4th Wednesday the hours are from 11am til 7:30pm.

The window is normally closed during lunch which is 1:30 to 2:30pm.

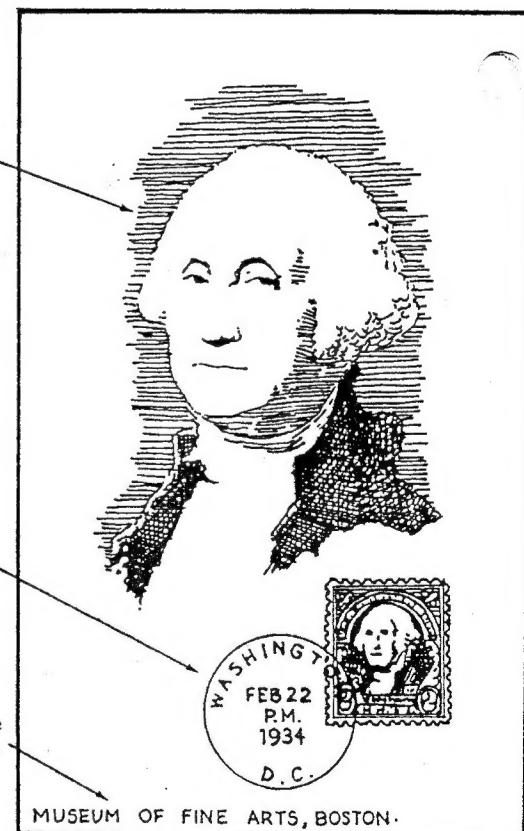

**PHILATELIC WINDOW CLOSING**

Due to vacations and inventory the Philatelic window at the Jefferson Road GMF will be closed from December 26, 1989 to January 2, 1990.

1. Picture on card same as on stamp

2. Postmark related to stamp subject

3. Card produced before and not for stamp issue

Maximum card: a picture postcard whose picture, affixed postage stamp and postmark are all linked in some way. Rules for a true maximum card are: 1. picture on card similar to stamp design (in this case, both show same painting of Washington); 2. postmark must be first day or relate in some way to the subject (town name Washington plus date of his birthday); 3. card should not have been produced specifically to duplicate the stamp.

### HOLIDAY INVITATION

For the 4th year in a row the RPA members are invited to join in the festivities with the folks at the Kodak Stamp Club. Due to the holiday closings, the December meeting will be the third Tuesday, Dec. 19, 1989. The evenings' events are kiloware and refreshments.

Kiloware is from member donations and the refreshments are compliments of the Eastman Kodak Company.

It's suggested that anyone joining in the festivities bring some of their duplicates to add to the kiloware "pot".

The meeting is in the employee recreation building number 28 at the corner of Ridge Rd. West and Palm Street. This is between Lake Ave. and Dewey Ave. on Route 104.

Starting time is 7:30pm in the 2nd floor cafeteria.

### ROPEX-90 UPDATE

All thirty dealer tables have been contracted for and a waiting list has been started in case there are any openings closer to show time.

The exhibits are filling up in record time and publicity is in full swing.

The show souvenir card is in its final stages and work has begun on the cacheted envelopes.

The show theme "150 Years of Women on Stamps" will have a special hand cancel for each day of the show (March 23, 24, 25) depicting our most famous woman, Lady Liberty.

Remember that we always can use your help throughout the planning stages as well as during the actual show. The next Ropex meeting will be held at Ada Prill's home on Friday Dec. 7, starting at 7:30pm. Any club officer can give you directions.
